EDUCATION

Full Stack Web Development

Masai School, Bengaluru
July 2023-present

Bachelor of Engineering
(Electrical Engineering)

Suryodaya College of Engineering,
Nagpur
June 2016 - December 2020

TECHNICAL SKILLS

Express.js | Node.js | React |
JavaScript | HTML5 | Redux |
RESTful APIs | CSS3

SOFT SKILLS

Attention to Detail |
Effective Communication |
Problem Solving |
Time Management

INTERESTS

- Singing
- Travelling

ACHIEVEMENTS

Construct Week Project
Masai School, Bengaluru
I received a certificate for excellent
work on a project.

Zoom Marathon Challenge
Certificate
Masai School, Bengaluru
I received a certificate for my
consistency in the English fluency
challenge.

Deepak Wayzode

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer with deep expertise in JavaScript, MERN stack (MongoDB, Express.js, React.js, Node.js), and RESTful API design. Proven ability to swiftly adopt new technologies, including Generative AI, and skilled in fostering collaborative workflows and high-quality code standards.

WORK EXPERIENCE

Adani Mundra Solar Techno Park, Mundra, Gujarat

Diploma trainee
June 2017 - December 2018

Job responsibilities:

- Led the Texture department team, ensuring seamless operations and compiling detailed shift reports for management to track performance and efficiencies.

PROJECTS

1. CodeFlow | |

HTML5 | CSS3 | React | Redux | Node.js | Express.js |
MongoDB | Git | Responsive Web Design

- Developed core user authentication features including login and signup pages.
- Created a landing page to enhance user experience.
- Built an about page to inform users about the platform.
- Utilized the MERN stack for backend development and MongoDB for database management.

2. Gem Garden | |

HTML5 | CSS3 | React | Redux | Chakra UI |
Responsive Web Design

- Implemented CRUD operations for cart and order management using React and Redux.
- Developed diverse payment options to augment user experience.
- Created and handled various components, focusing on responsiveness.
- Used MERN stack for seamless integration between frontend and backend.

3. Travel Tribe | |

HTML5 | CSS3 | JavaScript | Git | RESTful APIs |
Responsive Web Design

- Collaborated with a team to design and integrate user detail cards, enhancing the booking process.
- Implemented RESTful APIs to facilitate seamless communication between the frontend and backend systems.
- Utilized Git for version control to manage and track changes collaboratively within the team.
- Participated in testing and debugging processes to identify and resolve issues, ensuring the reliability and stability of the application.
