EDUCATION

Full Stack Web Development
Masai School, Bengaluru
July 2023-present

Bachelor of Engineering (Electrical Engineering)
Suryodaya College of Engineering, Nagpur
June 2016 - December 2020

TECHNICAL SKILLS

Express.js | Node.js | JavaScript | RESTful APIs | React | HTML5 | Redux | CSS3

SOFT SKILLS

Attention to Detail |
Time Management |
Effective Communication |
Problem Solving

INTERESTS

- Singing
- Travelling

ACHIEVEMENTS

Construct Week Project 🔗
Masai School, Bengaluru
I received a certificate for excellent work on a project.

Deepak Wayzode
Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer with deep expertise in JavaScript, MERN stack (MongoDB, Express.js, React.js, Node.js), and RESTful API design. Proven ability to swiftly adopt new technologies, including Generative AI, and skilled in fostering collaborative workflows and high-quality code standards.

WORK EXPERIENCE

Adani Mundra Solar Techno Park, Mundra, Gujarat
Diploma trainee
June 2017 – December 2018
Job responsibilities:

- Led the Texture department team, ensuring seamless operations and compiling detailed shift reports for management to track performance and efficiencies.

PROJECTS

1. CodeFlow | ⊕ | ⓖ
HTML5 | CSS3 | React | Redux | Node.js | Express.js | MongoDB | Git | Responsive Web Design

- Developed a login and signup page for user authentication, and created a landing page for a seamless user experience.
- Created an about page for users to learn more about the website.
- Implemented a real-time code compiler for HTML, CSS, and JavaScript with a live preview of code changes.

2. Gem Garden | ⊕ | ⓖ
HTML5 | CSS3 | React | Redux | Chakra UI | Responsive Web Design

- Implemented CRUD operations for the jewelry cart and order management.
- Developed diverse payment options to enhance user experience.
- Created and handled features for the cart, address, and payment pages with a focus on responsiveness.
- Managed operations related to items, categories, and bills, including designing the front-end user interface.

3. Travel Tribe | ⊕ | ⓖ
HTML5 | CSS3 | JavaScript | Git | RESTful APIs | Responsive Web Design

- Implemented a user-friendly booking page with a responsive design.
- Designed and integrated user detail cards within the booking page for a streamlined user experience.
- Used RESTful APIs to fetch and display travel packages seamlessly.
