SOFT SKILLS

Attention to Detail | Effective Communication | Problem Solving | Time Management

INTERESTS

- Singing
- Travelling

ACHIEVEMENTS

Construct Week Project 🔗
Masai School, Bengaluru
I received a certificate for excellent work on a project.

Zoom Marathon Challenge Certificate 🔗
Masai School, Bengaluru
I received a certificate for my consistency in the English fluency challenge.

Deepak Wayzode
Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer with expertise in the MERN stack and a knack for leveraging Generative AI for innovative solutions. Proven ability to quickly master new technologies and implement efficient server-side APIs, robust frontend components, and optimized database models. Excel at collaborating in agile environments to deliver scalable and high-quality web applications.

PROJECTS

1. CodeFlow | ⊕ | ⬤
HTML5 | CSS3 | React | Redux | Node.js | Express.js | MongoDB | Git | Responsive Web Design

- Developed a login and signup page for user authentication.
- Created a landing page for a seamless user experience.
- Implemented an about page to provide information about the website.
- Built a real-time code compiler for HTML, CSS, and Javascript.
- Enabled live preview of code changes and allowed code submissions.

2. Gem Garden | ⊕ | ⬤
HTML5 | CSS3 | React | Redux | Chakra UI | Responsive Web Design

- Implemented CRUD operations for the jewelry cart and order management.
- Developed diverse payment options to enhance user experience.
- Created responsive features for the cart, address, and payment pages.
- Managed operations related to items, categories, and bills.
- Designed the front-end user interface.

3. Travel Tribe | ⊕ | ⬤
HTML5 | CSS3 | JavaScript | Git | RESTful APIs | Responsive Web Design

- Implemented a user-friendly booking page with a responsive design.
- Designed and integrated user detail cards within the booking page.
- Created a seamless booking workflow for travel packages.
- Ensured the responsiveness and usability of the entire application.
- Collaborated with team members to integrate RESTful APIs.
